REQUEST FOR CERTIFICATE OF CORRECTION

Commissioner for Patents:

A certificate of correction is respectfully requested in the above-identified patent.

The following error has been made:

In the Title Page, Item (30), Foreign Application Priority Data, the number of the second listed European Patent Application, "02425098" should read as --03425098--.

The mistake was due to a typographical error in the Application Data Sheet (ADS) filed on February 18, 2004, which mistake was not noticed when filing the supplemental ADS on May 24, 2005. However, an official copy of the correct priority application -- European Patent Application 03425098 was filed with the Response to File Missing Parts on July 13, 2004. The typographical error was made in good faith and does not involve any changes in the patent as would constitute new matter or would require reexamination. The mistake is clearly clerical in nature and the correct priority number would have been clear if anyone noticed the mistake because the first two digits ("02" in the wrong number and "03" in the right number) signify the year of filing of the priority application. In the present case, the European Patent Application 03425098 was filed on February 21, 2003, as correctly noted in the ADS filed on February 18, 2004.

JUL 16 2007

Attached is the certificate of correction, which indicates the correction to be made, by reference to the Title Page in the printed patent. The Director is hereby authorized to charge payment of any fees associated with this communication to Deposit Account No. 19-1090.

Respectfully submitted,
SEED Intellectual Property Law Group PLLC

Robert Iannucci
